Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a list of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301)443-7978.

Phase III of the National Evaluation of the Comprehensive Community Mental Health Services for Children and Their Families Program

(New)—SAMHSA's Center for Mental Health Services (CMHS) is conducting

Phase III of this national evaluation project. To address the research questions in the national evaluation, a longitudinal quasi-experimental design is being used that includes data collection in all grantee sites and comparison sites over a five year period. Data collection methods include interviews with caregivers and youth, site visits, case record reviews, service diaries, and provider surveys. Phase III collects data on child mental health outcomes, family life, and service system development and performance. Child and family outcomes of interest include the following: Child symptomatology and functioning, family functioning and material resources, and caregiver strain. The length of time that families will participate in the study ranges from 18 to 36 months depending on when they enter the evaluation. Service system variables of interest include the following: Maturity of system of care development, adherence to system of care principles, coordination and linkages among agencies, and congruence between family services planned versus those received.
